

COUNCIL OF ENGINEERS REGULATION  
on the Issuance of Licences to Practise the Regulated Engineering Profession  
Adjunct Engineer, B.E. 2543 (2000)

Invoking the powers under Section 8 (b) (3) and Section 45 of the Engineer Act, B.E. 2542 (1999)—a statute containing provisions restricting the rights and liberties of persons, as permitted under Sections 29, 34 and 50 of the Constitution of the Kingdom of Thailand, the Council of Engineers (Thailand) hereby issues the following Regulation:

Clause 1 This Regulation shall be called: “Regulation of the Council of Engineers on the Issuance of Licences to Practise the Controlled Engineering Profession at the Adjunct Engineer Level, B.E. 2543 (2000).”

Clause 2 This Regulation shall come into force on the day following its publication in the Government Gazette.

Clause 3 An applicant for a licence at the Adjunct Engineer level shall be an Ordinary Member or an Extraordinary Member of the Council of Engineers.

Clause 4 An applicant for a licence at the Adjunct Engineer level shall complete the prescribed application form and submit it to the Head of the Office of the Council of Engineers, together with the following documents and evidence:

- 1) Evidence of educational qualification (if any).
- 2) A copy of the house registration or a copy of the national identification card.

3) Two recent photographs (taken within the past one year), full face, bareheaded, no dark glasses, size 25 millimetres.

4) A statement of work outputs and volumes relating to the practice of the Controlled Engineering Profession in the form prescribed by the Board of the Council of Engineers, countersigned by a Professional Engineer (or higher) in the same discipline or branch as that for which the applicant seeks the licence.

#### Clause 5

An applicant for a licence at the Adjunct Engineer level may apply for not more than one work category per application, limited to the area in which the applicant has knowledge and expertise.

If the applicant wishes to obtain an additional licence at the Adjunct Engineer level for another work category, a new application shall be submitted.

Clause 6 An applicant for a licence at the Adjunct Engineer level shall possess knowledge and experience directly relevant to the work category applied for, as follows:

- 1) Bachelor's degree in engineering or an equivalent qualification or higher, and work outputs and experience directly in the applied-for category for not less than two (2) years.
- 2) Higher Diploma in Vocational Education (Por Wor Sor) or an equivalent qualification in a field related to the engineering profession; the applicant shall have direct work outputs and experience in the applied-for category for not less than four (4) years.
- 3) Diploma in Vocational Education or an equivalent qualification in a field related to the engineering profession; the applicant shall have direct work outputs and experience in the applied-for category for not less than six (6) years.

4) Vocational Certificate (Por Wor Chor) or an equivalent qualification in a field not related to the engineering profession, or a qualification lower than the Vocational Certificate level; the applicant shall have work outputs in the applied-for category for not less than five (5) years.

Clause 7 An applicant for a licence at the Adjunct Engineer level who does not hold Thai nationality shall possess the qualifications under Clause 3 and Clause 6, and shall have lawful residence in the Kingdom, together with the evidence specified in Clause 4 (2), (3) and (4), as the case may be.

Clause 8 An applicant for a licence at the Adjunct Engineer level shall pass a knowledge examination related to the work category applied for, and shall undergo training, before a licence may be issued.

Clause 9 The knowledge examination under Clause 8 shall be conducted in accordance with the Regulation of the Council of Engineers on Knowledge Examination, B.E. 2543 (2000).

Clause 10 A person who has been granted a licence to practise the Controlled Engineering Profession at the Adjunct Engineer level under the previous law, and who wishes to obtain a licence at the Adjunct Engineer level under the Engineer Act, B.E. 2542 (1999), shall submit a new application and must pass the knowledge examination and undergo training as prescribed by the Board of the Council of Engineers.

Promulgated on 22 December B.E. 2543 (2000)

(Signed)

Arun Chaiseri  
President, Council of Engineers
